

نهراسیدند از مرگ

اما تو غم نشناسی، از مرگ هم نهراسی
موجت به سخره نگیرد، دریا سرای تهتگ است....
سیمین بهبهانی

Short video celebrating the legacy of thousands of women who lost their lives in Iran between 1979 and 1999 due to their political, social and religious beliefs. For Amin Zarghami and Shahrzad Arshadi, working on this video was an opportunity to pay tribute to the memory of these women-some of whom they knew personally and grieve their loss. It is intended as a testament both to their suffering and to the political tyranny that led to their execution.

Video funded by IWSF 1999 Montreal Committee

Partial funding for DVD authoring was provided by Professor Shahrzad Mojab's research entitled: Women Political Prisoners in Iran: A Political Art Project
